123

by Bill Hladik

My Collection of 123 Stuff

◈ I created several applications/tools/documents that I call ***Something-123***

  ◇ *Enigma-123*   *- A WWI German Enigma cypher machine in Excel*

  ◇ *Formulas-123*   *- All about Excel formulas*

  ◇ *Scheduling-123* *- Schedule anything*

  ◇ *Streaming-123*   *- Live TV Streaming Services*

  ◇ *Photos-123*   *- A Google Photos Pictorial*

  ◇ *Goodies-123*   *- A collection of excel goodies*

Enigma-123

- *A working version of a physical Enigma machine the Germans used to encode and decode messages during the war. This was created using Excel and allows you to send coded messages back and forth with others.*
  - *http://wjhladik.github.io/enigma-123.html*
- *Use it online for free or download a copy of it from the above link by clicking the download icon in the lower right.*

Formulas-123

- *All about excel formulas. Type or paste in a complex excel formula and it will visually dissect it to its individual component pieces/functions and tell you all about them.*

  - *http://wjhladik.github.io/formulas-123.html*

- *Use it online for free or download a copy of it from the above link by clicking the download icon in the lower right.*

- *Here's the Sway to give you more insight into its capabilities.*

  - *Formulas-123 Sway*

Scheduling-123

- *An application to schedule almost anything such as sports teams or players competing in leagues or tournaments, small business staffing, equipment rentals, and much more.*
  - *http://wjhladik.github.io/scheduling-123.html*
- *Use it online for free or download a copy of it from the above link by clicking the download icon in the lower right.*
- *Here's the Sway to give you more insight into its capabilities.*
  - *Scheduling-123 Sway*

Streaming-123

- ***An application to figure out the best combination of live TV streaming services you can buy to deliver your desired channels/networks at the lowest price. I also call this the Cord Cutting Wizard.***
  - ***http://wjhladik.github.io/streaming-123.html***
- ***Use it online for free or download a copy of it from the above link by clicking the download icon in the lower right.***
- ***Here's the Sway to give you more insight into its capabilities.***
  - ***Streaming-123 Sway***

Photos-123

◈ *A document (PDF) called the Google Photos Pictorial that uses pictures and illustrations to show you the ins and outs of the Google Photos app.*

   ◈ *http://wjhladik.github.io/photos-123.html*

◈ *This link launches Google Photos Pictorial.pdf*

Goodies-123

◈ *An Excel file that includes several tips, tricks, and other useful formulas I've come across or developed over time in my own use of Excel.*

  ◈ *http://wjhladik.github.io/goodies-123.html*

◈ *This link allows you to download goodies-123.zip which contains the excel file goodies-123.xlsx.*
